Our mission is to work together in an accommodating, safe learning environment that encourages high standards for all, a compassion of learning that includes spiritual development, best standards of conduct founded on Islamic morals

Our aim is to offer a culture of comprehensive education and tarbiyah (moral and spiritual training) experience, in developing and improving every aspect of a student's facet. This includes their heart, mind and body so that they are tomorrow's hard-working leaders and good role models for society.

We want to transform the educational achievement of our young students so that they become a means of benefit for the wider society. As the Prophet (peace be upon him) said, "The best of you are those who benefit mankind" – (hadith)
